According to eminent French anthropologist Levi-Strauss, Reid "brought Northwest Coast art to the world scene, into dialogue with the whole of mankind." In this artistic biography, Karen Duffek gives an account of Bill Reid's life and work and of his role as artist, innovator, and ambassador of Haida art. After describing the processes by which Reid came to reconstruct the formal rules of a complex artistic tradition, Duffek focuses on his mastery of new techniques, particularly in making jewellery, techniques which others now emulate. In the key chapter "Beyond the Essential Form," she uses Reid's own categories of his work as "copies, adaptations and explorations," to give a candid appraisal of his artistic achievements -- from massive poles to gold boxes, from intricate bracelets to the great bronze Killerwhale statue.

Few twentieth-century artists were catalysts for the reclamation of a culture, but Iljuwas Bill Reid (1920-1998) was among them. The first book on the artist by an Indigenous scholar details Reid's incredible journey to becoming one of the most significant Northwest Coast artists of our time. Born in British Columbia and denied his mother's Haida heritage in his youth, Iljuwas Bill Reid lived the reality of colonialism yet tenaciously forged a creative practice that celebrated Haida ways of seeing and making. Over his fifty-year career, he created nearly a thousand original works and dozens of texts, and he is remembered as a passionate artist, community activist, mentor, and writer. Reid was often said to embody the Raven, a trickster who transforms the world. He followed in the footsteps of his great-great-uncle, master Haida artist Daxhiigang (Charles Edenshaw), engaging with a culture whose practices were once banned by the Indian Act and producing symbols for a nation. His iconic large-scale works now occupy sites such as the Canadian Embassy in Washington, D.C., and the Museum of Anthropology at the University of British Columbia in Vancouver. Reid's legacy is a complex story of power, resilience, and strength. In *Iljuwas Bill Reid: Life & Work*, acclaimed scholar Gerald McMaster examines how the artist made a critical inquiry into his craft throughout his life, gaining a sense of identity, purpose, and impact.

## **An Historical Atlas of Islam [cartographic Material]**

Why do people wear jewelry? What meaning does it hold for the wearer? And what does the wearer hope it will convey to those they encounter—or to someone viewing their image decades, even centuries, later? Artistic renderings of the human figure—in portraiture, sculpture, and other media—in a range of allegorical, historical, and religious images often showcase jewelry. The ornaments depicted in such designs offer an abundance of information that not only heightens our understanding of the subject but also provides insights into the imagination of the artist. Jewelry enhances our enjoyment of works of art because it is visually compelling, sensuous, and laden with an array of associations and symbolic meanings. Bringing together spectacular and significant art objects depicting figures wearing sumptuous personal adornments that define who they are within the specific milieus in which they lived, this richly illustrated and accessible volume represents a novel, interdisciplinary approach to the ways in which jewelry can be studied and understood.

Spectacular colored gems and expressive forms redefine high jewelry in an inspiring blend of East and West. Jeweler Michelle Ong's multi-hued creations crystallize natural forms with invisible mastery. The hovering translucency of dragonfly wings, the succulence of ripe fruits, and the whisper-light touch of a feather: each jewel is a miniature sculptural work of art. Michelle Ong established Carnet, her Hong Kong-based boutique jewelry house, over 25 years ago, and her unique one-off creations draw on Chinese motifs and her love of European culture and craftsmanship. She transforms jade, China's imperial gemstone, into an Art Deco-style cocktail ring and her Chinese dragon, a fierce, yet benign creature, writhes in blackened gold and pave-set emeralds, breathing a stream of fiery rubies. Michelle Ong's work is acknowledged to be among the greatest in high jewelry, renowned for its sublime designs, idiosyncratic color combinations and deft craftsmanship. This volume will be required reading for serious collectors and aficionados, and a source of deep delight for all those seeking inspiration from the finest of contemporary jewelry creators.
